

SL-GILSO-017

These incredibly bright LED OPEN Signs increase your store's exposure and visibility. All signs are manufactured to a high standard of quality and include a One Year Warranty. Your satisfaction is guaranteed.

Advantage of illuminated LED signs

- Environment friendly, contains no mercury
- Runs cool, low voltage operation, 12v consumes as little as 10w of power, transformer included.
- Works in static and flashing mode, with blue surround or without set by the controller, visible from a long distance in sun light.
- Long life, 100,000 hours – maintenance free operations
- Slim and light weight, easy to clean and install, comes with a chain for hanging
- Dimensions are 680mm x 300mm x 25mm deep.

A full range of open signs are available to suit all retail and food applications

For example: Florist, Jewellery, Optometrist, Seafood, Café, and Chinese Food

Also SALE, PIZZA and RESTROOMS signs are available.
